6:30 - 7:30 PM					

EVERYTHING YOU KNOW IS WRONG!

Fall turns up its brown edges...
Once again the sorry spectacle of an emerald sward trod under by the new degeneration of blind, swarming larva makes the Colombian taste bitter and the condor drop from the sky... Something else your parents didn't tell you: The quantum amount of locally produced mulch is harmful to gray water. What appears to be of intellectual sustenance is actually The New! hypodermic-combination-jackhammer by Black & Decker held to the temple.
Everything you know is wrong!

No point in affixing the blame on an unglimpsed illuminati—
Wake up, flybabies!
"Charity begins at home" and you purloined a refried pass key to the kultural poorhouse. A half decade rental comes attractively packaged—
Please: pay no-never-mind to the small print behind the curtain.
Everything you know is wrong!

The latest CD-bogus-flak by MC Abdul *Hamburger on Young Buns XVIII is the* soundtrack of existence. Extra-curricular activity is limited to one cuppa keg foam in a circle of jerks, and global comprehension weaned from the Readers' Digest version of The Daily Crud.
Everything they know is wrong!

You didnt think I was talking about you?

Snob appeal holds no truck (at ;east we strive towards that very good thing) here at Our Little Island of Misfit Toys. Knowledge truly is power and we hate to see our latest cash crop, er - listeners, with cellulite clogging their cranial cavity, limp with disuse, yet ripe for amputation.
Freedom of Choice has to be exercised. One thing YOU have is a right.

Ninety-one-point seven. Eff - Em.
Tape the dial down.
J. Shea

Training Program

If you are interested in music, sports, news, engineering, fundraising, censorship, freedom of speech, information, community involvement, weather, sex, promotions, concerts, roadside picnics, ABBA, Robin's latest hairdo, hairdonts, gay and lesbian issues, combating racists, equality, liberty, public affairs, radio, hanging out, fun with Jello, book reviews, the world, the environment, alternatives to the mainstream, health, entertainment, conspiracy theories, labor issues, short-wave, other cultures, hedonism, abstinence, boycotts, art, jazz, meeting Joey Zone, dead rock stars, sound, creating aural landscapes, distortion, ambience, justice, garage bands, leather, animal rights, climbing radio towers to change light bulbs, food, vegetarianism, woodburning, then maybe you should apply for our training program. Classes are held three times a year in the fall, spring and summer. Join us!

Jay Bartolomei, Training Director
